

THE 2002 JAPAN-U.S. SCIENCE, TECHNOLOGY & SPACE APPLICATIONS PROGRAM (JUSTSAP)

MEMORANDUM

TO: All JUSTSAP Members and Associates

FROM: U.S. JUSTSAP Secretariat

SUBJECT: JUSTSAP 2002 Workshop

We are pleased to announce that the 2002 Workshop for the Japan-U.S. Science, Technology & Space Applications Program (JUSTSAP) will be held from November 11-15 at the Outrigger Wailea Hotel on the Island of Maui. The 2002 Workshop will feature plenary and breakout sessions focusing on disaster monitoring, management and mitigation; advanced satellite communications; microgravity research and materials science; and space power systems. Special visits to the Pacific Disaster Center, the Maui High Performance Computing Center, and Science City atop Mt. Haleakala will also be arranged, along with a variety of optional activities for your enjoyment (e.g., golf, snorkling, horseback riding, and other recreational activities). The 5th Annual University Space Systems Symposium will be held prior to our workshop from November 9-10 at the University of Hawaii's Manoa Campus on the island of Oahu.

Attached please find a Hotel Room Registration Form, which should be completed and returned directly to the Outrigger Wailea at your earliest convenience (but no later than October 10). A Delegate Registration and Information Form is also enclosed, which should be mailed or faxed directly to the University of Hawaii Hilo Conference Center (fax numbers and mailing addresses are included on each form). This year's \$350 workshop registration fee will cover all workshop expenses for receptions, meals, and materials (meals for spouses and/or other guests will be billed separately). As we will not be designating an official travel association for the workshop, you are welcome to use any agent of your choosing to book your airline tickets.

We hope you will be able to join us in exploring the challenges and prospects of continuing JUSTSAP in the New Millennium, and personally look forward to greeting each of you on the Island of Maui this fall.

Aloha!
